Essar Power commissions its first flue gas scrubber to reduce Sulphur emissions by 25%

Mumbai,

Essar Power, one of Essar Global Fund's key investments in the Energy portfolio, has commissioned its first flue gas scrubber at the Essar Power Assets (EPA) facility. The scrubber is designed to bring down the sulphur dioxide in flue gas by 25%, going a long way in checking emissions and helping the environment.

Essar takes excessive care to ensure that there is a balance between business operations and environment. With an aim to further its ESG (Environmental and Governance (ESG) goals, Essar has been encouraging its businesses to transition to green operations and invest in technologies that reduce their carbon footprint.

Commenting on the

milestone Mr. Kush, CEO – Essar Power, said "Essar Power believes in running its operations with minimal environmental impact. The commissioning of scrubber has been accomplished despite the challenges we faced due to the pandemic. With the first one completed, we shall surely look at replicating it at other facilities of ours in future. Such eco-initiatives are part of Essar Power's strategic plan to protect the environment." Team involved with the project has put in place an innovative approach, wherein the scrubber was optimised as per the coal quality being supplied, and the emission norms targeted. In fact, the project was fast-tracked while maintaining all safety pre-

cautions, and executed without a single reportable incident. Covid-19 situation and related constraints did pose challenges for the project, both in terms of supply of material, as well as manpower. However, the company adapted to the situation and all work at site was carried out with strict adherence to safety protocols. Precautions such as social distancing, wearing of face mask, day time working posture, etc. were followed. All essential manpower were screened using RTPCR testing, and a vaccination drive was carried out to strengthen the herd immunity within the facility. By having most fabrication work carried out on the site itself, EPAH not just ensured quality but also

maintained a consistent pace of work.

EPAH is part of Essar Power which is India's largest independent power producer with a power generating capacity of 2,070 MW across four plants in India and Canada. The company also has a 465-km interstate transmission system which spans across three Indian states.

Essar Power (EPAH) forms part of the energy portfolio of Essar Global Fund Limited (EGFL), whose investments are managed by Essar Capital. Guided by ESG principles for all its investments, Essar is either transforming its business to being green, or investing in sector transforming green businesses.

India likely to see first woman chief of financial regulator

New Delhi,

India may well get the first female chief of a financial regulator as two women feature among the top candidates for the post of IRDAI Chairperson.

Former Telecom Secretary Aruna Sundarajan and the Securities and Exchange Board of India's (SEBI) Whole Time Member Madhavi Puri Buch, are in the race for the next Chairperson of the Insurance Regulatory and Development Authority of India, highly-placed sources told IANS.

The Centre has shortlisted five former and current bureaucrats and officials for the post of the insurance regulator.

The selection process is gathering momentum as the post has been vacant for around four months now. The post was last held by Subhash Chandra Khutia, who announced his departure in 2018.

Several concerns have been raised by industry participants as the top post at the insurance regulator remained vacant for a consid-

erable period amid the pandemic.

Sundarajan is currently an Independent Director on the Board of Tata Teleservices and T-Mobile. She joined on July 31, 2019 as Chairman of the Digital Communications Committee, and the Secretary, Telecom.

As Secretary DOT, she was the key architect of the National Digital Communications Policy 2018 which aims to propel India as a global leader in digital communications. Some of her achievements during her tenure were the launch of the country's 5G roadmap, establishment of indigenous test bed, launch of the National Frequency Allocation Plan-2018, and completion of the first phase of BharatNet.

On the other hand, got a one-year extension as whole-time member (WTM) at SEBI in October 2020.

Sarbananda Sonowal, visited Mumbai Port Trust

Ahmedabad, Hon'ble Minister Shri Sarbananda Sonowal, visited Mumbai Port Trust and reviewed the progress made. Chairman appreciated regarding the salient features of the newly constructed 5th Oil berth, which is the largest berth in terms with a capacity of 22 MMTP, in all Major Ports catering to fully loaded Suez Max vessels and loaded VLSEs. The project is completed and due for dedication to the nation. Minister was also apprised about other projects proposed/ongoing in the Port. The Executive Director's of BPCL and HPLC informed that the construction of 5th Oil berth has resulted in savings to the nation. The cost of Rs.200 crores so far due to avoidance of double handling. Minister appreciated the efforts of Mumbai Port Trust and particularly the reclamations using the exca-

vated material of Mumbai Metro tunnel. Hon'ble Minister also visited the Suez Max tanker 'Nordic Moon' berthed at 5th Oil berth and interacted with the Master of the vessel. He also visited Domestic Cruise Terminal, Offshore Container Terminal, Lock gate, Dry dock and Mumbai International Cruise Terminal. Thereafter, he conducted a meeting with all Heads of Departments and with stakeholders. Minister witnessed a special programme of singing of patriotic songs on AzadiAmritMohotsav organized by Mumbai Port Trust. On the occasion the National Medicinal Plants Board (NMPB) and Central Council for Research in Ayurvedic Science (CCRA), Ministry of Ayush also joined the said programme. The NMPB distributed medicinal saplings and CCRA distributed Ayurvedic medicines to the members.
